4. FIRST AID MEASURES

Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Flush nose and mouth with cold water. If irritation persists, get medical attention.

Skin contact: Take off contaminated clothing and shoes immediately. Wash off with plenty of water. If symptoms persist, get medical attention. Wash contaminated clothing before reusing.

Eye contact: Rinse with plenty of water to the affected area, keeping eyelids open. Check for and remove any contact lenses. If irritation persists, get medical attention

Ingestion: Rinse mouth with water and drink plenty of water afterwards.
Do NOT induce vomiting.
Never give anything by mouth to an unconscious person.
Obtain medical attention

5. FIREFIGHTING MEASURES

5.1 Extinguishing media:

In case of fire, use water spray (fog), foam, dry chemical or CO2.

5.2 Special hazards arising from the substance or mixture:

Do not allow run-off from fire fighting to enter drains or water courses.

5.3 Advice for firefighters:

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
